Covered Perils

- **Comprehensive Perils** - We provide coverage for direct physical loss or damage unless the cause of loss is excluded in the policy. This policy does not protect you against losses from flood, earthquake, volcanic eruption or effusion, landslide, mudslide, mudflow, debris flow, sediment, or avalanche. There are more causes of loss exclusions than these listed here. Read your policy carefully.
- **Broad Named Perils** - We provide coverage when the cause of the loss is from one of the following named perils: fire or lightning; windstorm or hail; explosion; riot or civil commotion; aircraft; vehicles; smoke; vandalism or malicious mischief; theft/burglary; falling objects; weight of ice, snow or sleet; discharge or overflow of water or steam from within a plumbing, heating, air conditioning, or automatic fire protective sprinkler system or from within a domestic appliance; rupturing, cracking, burning, or bulging of a steam or hot water heating system or of a domestic appliance; freezing of a plumbing, heating, air conditioning, or automatic fire protective sprinkler system or of a domestic appliance; sudden and accidental damage from electrical currents artificially generated; and breakage of glass or safety glazing material.

Loss Settlement

- **Replacement Cost** - Pays the cost to repair or replace your buildings, other than roofing materials, with new materials of like kind and quality. When replaced or repaired, this is without a deduction for depreciation and is up to the amount of insurance. Payment is subject to the deductible.
- **Replacement Cost on Roof** - Replacement Cost pays the cost to repair or replace your roof with new materials of like kind and quality without any deduction for depreciation. This applies when the roof damage is replaced or repaired. Payment is subject to the deductible.

Brief Descriptions - Continued

- **Replacement Cost on Contents** - Pays the full cost of repair or replacement less the deductible, up to the amount of insurance for eligible personal property, without any deduction for depreciation. This applies when the damaged or stolen items are repaired or replaced.

You May Want to Consider

To increase the protection provided, you may want to consider the following options:

- **Guaranteed Rebuild** - Guarantees you will have enough coverage from your insurance to rebuild – even if that cost exceeds the amount of insurance you purchased. Damage to your house is paid on a Replacement Cost basis, subject to the deductible. There will be no depreciation. This applies when the destroyed dwelling is replaced or repaired.
- - This provides protection for the breakdown of covered home systems, such as a water heater or kitchen appliance. Service line protection is for items that provide services to your home such as gas, water, electric, cable, and phone lines.
- **Electronics Extra** - Provides all risk coverage unless excluded for portable electronic devices. Also contains a warranty provision for items that have been purchased new within three years prior to the date of the loss. A \$100 deductible applies.
